

Tutoring Report

Date of session(s): Tuesday, October 9, 2023

Names of tutor: Kenzie Kelly

Name(s) of Learners: Esperanza

How long was the session? 2 hours 6 minutes

For the next section you do not need to write a lot. Feel free to use bullet points to make your points.

1. List 2-5 things you did in the session in the order that you did them.

- Language arts class
 - Read a passage about Michael Jordan, came up with questions and critical reading responses about the text
- Lunch
 - Esperanza asked me if I wanted to come to her lunch block with her
 - Met with her friends and talked about favorite classes etc
- Reading class
 - Did some independent reading and followed along with the class as we analyzed a passage about the assassination of Lincoln

2. Do you have concerns you would like us to discuss in class (I won't mention your name).

- No concerns I don't think for this week, she has been such a joy to work with.

3. What did your student do well this week?

- Esperanza did an amazing job especially in her reading class this week. She was actively participating in class and answering questions to me that were posed to the class. It was great to watch her interact with her friends at lunch time and how she can refocus well in classes.

4. What do you believe your learner needs to improve? What can you work on next class and in future classes?

- In future classes I hope to see her engage more with the class as a whole rather than only answering questions to me. She is very bright but I hope we can work together to

build her confidence more so that she can participate even more in classwide discussions.

5. Evaluate yourself. How did the lesson go? What could you improve upon in future lessons? What should you repeat because it went well?

- I still haven't really had a chance to work with Esperanza outside of the classroom; however, within our work together in the classroom I have enjoyed the reading comprehension activities we have worked on. I think that I could improve in keeping her on task in her classes and not divulge too much in vocabulary within the passages. It is difficult to accomplish the readings in a timely manner when we get caught up too much in the details of the vocab.
