

## Tutoring Report 4

Date of session(s): Tuesday, October 31st, 2023

Names of tutor(s): Kenzie Kelly

Name(s) of Learners: Esperanza

How long was the session? 2 hours, 10 minutes

**1. List 2-5 things you did in the session in the order that you did them.**

- Social Studies pull out work
  - Worked with Esperanza and another tutoring peer: Daniel
  - Continued to work on the three part essay on Apartheid in South Africa
  - Completed two of the structured paragraphs
- Lunch Break
- Reading Class with Ms. Mandy
  - She made halloween cookies for the kids!
  - We did some independent reading and comprehension
  - Played Halloween themed Bamboozle in the reading class

**2. Do you have concerns you would like us to discuss in class (I won't mention your name).**

- No concerns, it was a really great session because of Halloween! The kids were super high energy and excited for trick-or-treating.

**3. What did your student do well this week?**

- I was really excited to see how engaged Esperanza was, especially in her reading class. She advocated for herself to have a turn to go up to the board during bamboozle in her reading class and was working together with her team.

**4. What do you believe your learner needs to improve? What can you work on next class and in future classes?**

- I would love to see Esperanza continue to come out of her shell socially. I had been really excited to see her develop her relationship with Eliana but I think their friendship has taken a step backwards. In terms of classes I think she is doing really well but could continue to take the initiative with some of her assignments.

**5. Evaluate yourself. How did the lesson go? What could you improve upon in future lessons? What should you repeat because it went well?**

- This lesson was such a fun one because of Halloween! I loved talking to Esperanza about her costume, she is going to be a catrina and it was great to chat about something other than classes. I think our relationship working together has come such a long way but I would like to continue to work on language lessons with her, specifically reading comprehension. She is excellent at communicating but struggles with being intimidated by large texts. I hope to work

more with her on those types of activities and strategies to make them manageable.
