For the next section you do not need to write a lot. Feel free to use bullet points to make your points.

- 1. List 2-5 things you did in the session in the order that you did them.**
  - a. Worked with Daniel to help Esperanza on her Saudi Arabia project
  - b. Went to the library to finish project and play some language games
  - c. Went to Ms. Mandy's reading class with Esperanza
  - d. Worked on reading comprehension
- 2. Do you have concerns you would like us to discuss in class (I won't mention your name).**
  - a. No concerns for this week, we had an excellent session together!
- 3. What did your student do well this week?**
  - a. Esperanza did a great job with her reading comprehension this week. In addition, she has been taking so much initiative and being proactive with her homework assignments. She needs less and less help in terms of finding information for her research papers or projects such as the Saudi Arabia one.
- 4. What do you believe your learner needs to improve? What can you work on next class and in future classes?**
  - a. I have mostly worked with Esperanza in a reading comprehension setting and while it has been incredible to work with her on these assignments I would love to get some time, outside of homework or classwork to develop certain language skills or even work together on math or science.
- 5. Evaluate yourself. How did the lesson go? What could you improve upon in future lessons? What should you repeat because it went well?**
  - a. I think that the lesson today went really well, we were productive in finishing up her Saudi Arabia project and worked together throughout reading class. I would like to be more prepared going into the next session to have a more flexible lesson plan that we can do together if she finishes her work.
